NKANGALA DISTRICT ARCHIVES AWARENESS WEEK

This year the archive awareness week will run from 20 to 24 August 2018. During this period students, researchers, historians, academics and the public will be guided by the Provisional Archives to learn how historical records and information are archived. South Africa hosted Archives Awareness Week since 2004. The focus of this programme is to increase archives use by taking the archives to the people through visits to communities, exhibitions and open days.

Provincial Archives have always participated, including those who had not inherited archival buildings. The event has shown to be a success and has attracted a range of participants from members of the public, learners, researchers and other parties with interest.

Department of Culture, Sport and Recreation will be doing the presentation at the different venues:
