STLM takes Greenest Municipality Award for 16th time

The Steve Tshwete Municipality won the 2015 Provincial Greenest Municipal Competition on the 12 November. This accolade is the 16th that STLM has won and is acknowledged as a leading municipality for keeping its environment safe and the air clean and fresh.

On 16 October 2015 external judges formed part of the delegation with municipal delegates that visited waste recycling projects, landfill sites and waste transfer stations in Mhluzi and Doornkop respectively.

The judges were impressed with waste management projects, as well as the Doornkop Solar project that was started as a green initiative by the Municipality. The municipality intends to work together with communities and business to contribute towards a low carbon future.

It is the sixteenth time that the Municipality has won, taking part in both provincial and national Greenest Municipal Competitions, formally known as the Cleanest Town Competition. The awards have grown in recent years to become an important feature on the municipal agenda.
