### **MEDIA RELEASE:**

#### **Integrated Development Plan tabled before council**

On 27 February, the draft IDP was tabled before council for noting following the consultative processes that it has already undergone since September 2013.

From here, the IDP will be advertised in print, electronic and STLM website and further request the community to submit their written comments in order to conclude the consultative process.

After the consolidation of comments, the IDP will again go to council for approval, during the month of March.

Attached are possible capital projects to be budgeted. These are not yet approved for budgeting. The community is therefore requested to comment on these projects.
