Media release

Fencing of Municipal Parks and cemeteries to restore pride

The Physical Environment Development department will be fencing the Van Blerk park and Park 6318 in Hlalamnandi with clearvu fencing. This is part of the ongoing Municipal beautification programme in maintaining parks and heritage for future use. This project will also extend to Mhluzi swimming pool.

The public outcry about illegal dumping and preservation of parks resulted in the Municipality addressing these challenges with clearvu fencing. The steel fencing cannot be vandalised and will add towards the beautification of public spaces.

The project will extend to cemeteries with palisade fencing in the new cemetery in Hendrina/ Kwaza, the old Nasaret cemetery and the rugby stadium at Kees Taljaard.
