Community centre set for expansion

The promise of a second developmental phase at the Adelaide Tambo Centre is soon to be fulfilled, according to Sharon Msebe, Manager: Municipal buildings.

Construction work is set to start in August for a Club house and office complex.

A double storey office block will be utilized for government departments. The complex will be designed for multi-purpose utilization with open plan interior spaces, which allows occupants to create their own work space areas and offices, in line with their needs.
