Media release

2016 Annual Career Expo

Middelburg Chamber of Commerce and Industry, in partnership with Steve Tshwete Local Municipality, will once again host the local Annual Career Expo that will be held from the 22 - 25 February 2016 at the Banquet hall. This is the only career expo supported by the department of education and is booked in the annual school calendar.

The aim of the career expo is to expose the local learners to the available career opportunities locally, with a focus on specific technical skills. The four-day career expo will focus on an assessment process for the grade 9 students and an information sharing session for grade 12 learners as well as exhibitions from higher institutions such as Nkangala TVET College, TUT and other various stakeholders.

The cost of businesses to participate in this world-class event is R3000 for the exhibition stands and it will be used to cover operational expenses, standard stand size 3m x 3m. Participation of local career expo is very important and will have a direct and positive influence in closing the skills gap.

All high schools, about 5000 learners are committed to participating from the three circuits in Steve Tshwete Municipal area.
