Graded soccer fields and multipurpose courts for Tokologo and Extension 6

In an effort to provide new sport and recreation facilities according to prioritized community needs, Tokologo and Extension 6 will each get one graded soccer field and a multipurpose court. The Physical and Environmental Department has appointed contractors who have already started to develop the sporting facilities.

The aim of developing soccer fields in previously disadvantaged areas is to meet the ever-growing needs of the sporting community. The graded soccer fields will be utilised by local soccer clubs. It is expected that the multipurpose courts facilities will be used for netball and volleyball

The Physical and Environmental Department provides a wide range of services to the community. This reaches from the administration and maintenance of sports facilities, parks, municipal swimming pools, resorts and public open spaces, as well as the seasonal maintenance of sidewalks and all council owned open areas.
