**ROLL-OVER
ADJUSTMENT BUDGET:
2010/2011 FINANCIAL
YEAR**

FINANCES: ROLL-OVER ADJUSTMENT BUDGET: 2010/2010 FINANCIAL YEAR

Report by the Executive Manager Finance

1. In accordance with section 28(2)(e) of the MFMA, a municipality may revise an approved annual budget through an adjustment budget to authorise the spending of funds that were unspent at the end of the past financial year where the under-spending could not reasonably have been foreseen at the time to include projected roll-overs when the annual budget for the 2010/2011 financial year was approved by the Council.
2. According to the Municipal Budget and Reporting Regulation 23(5), an adjustment budget referred to in section 28(2)(e) of the MFMA may only be tabled after the end of the financial year to which the roll-overs relate and must be approved by the Council by 25 August of the financial year following the financial year to which the roll-overs relate.
3. The regulation further prescribes in section 21 that adjustment and supporting documentation must be in the format specified in Schedule B including the required tables and headings relevant to the particular adjustment budget.
4. With the financial year end closure at 30 June 2010, the funds on various capital projects were unspent and could not reasonably been foreseen at the time when the annual budget for the 2010/2011 financial year was approved. The funding for these projects was secured in the 2009/2010 financial year and therefore no additional sources of funding are required.
5. Taking the above into consideration the roll-over projects to be included in the capital budget from the previous financial year amounts to R145 296 535 which results in the capital budget for 2010/2011 increasing from R288 427 500 to R433 724 035.
6. The impact of the roll-over projects on the 2010/2011 annual budget and for the next two financial years will be minimal as these projects are already planned and/or committed projects. At the utmost depreciation charges might slightly differ from planned figures in the budget document together with the cash flow forecasting.
7. However these projects will place an additional burden on the successful implementation of the 2010/2011 capital budget considering the past trends of 45% to 55% of actual capital expenditure versus the budget capital expenditure. This excludes capital expenditure on government grants.
8. It should further be noted that these roll-over projects represent service delivery targets which were not met by 30 June 2010 and is it therefore suggested that a principle decision be taken that all roll-over projects be completed by December 2010 with the exception of multi-year capital projects. Where funds are still unspent on these projects after December 2010 it should be forfeited with the February 2011 adjustment budget.

9. It is recommended that the roll-over projects from the 2009/2010 financial year be approved and be included in the 2010/2011 capital budget and service delivery implementation plans (SDBIP) as contained in the following adjusted budget tables and supporting information:

- Table B1 – Adjusted Budget Summary
- Table B5 – Adjusted Capital Expenditure Budget by Vote
- Table B9 – Adjusted Asset Management
- Supporting Table SA17 – SDBIP information for Roll-Over Projects

10. The adjustment budget to be submitted to National Treasury and the relevant Provincial Treasury consists out of two parts containing the required tables and headings to the particular adjustment budget.

10.1. **Part 1 – Adjustment Budget**

This annexure contains the relevant adjusted budget tables to be approved by Council with supporting schedules, inclusive of the following:

- Report by the Executive Mayor
- Resolution on the 2010/2011 Adjusted Annual Budget
- Executive Summary
- Relevant Adjusted Budget Tables:
 - * Table B1 – Adjusted Budget Summary
 - * Table B5 – Adjusted Capital Expenditure Budget by Vote
 - * Table B9 – Adjusted Asset Management

10.2. **Part 2 – Supporting Documents**

This annexure contains the supporting tables with explanatory notes inclusive of the following:

- Adjustments to budget funding
- Adjustments to service delivery and budget implementation plan
- Adjustments to capital expenditure
- Municipal Manager certification

10.3. **Part 3 – Adjusted SDBIP**

This annexure contains the revised SDBIP information with supporting tables with explanatory notes inclusive of the following:

- Supporting Table SA17 – SDBIP information for Roll-Over Projects
- Supporting Table SA17a – Summary Adjusted SDBIP 2010/2011
- Supporting Table SA17b – Detail SDBIP – Roll-Over Projects

Yours faithfully

EXECUTIVE MANAGER FINANCE

Part 1 - Executive Summary

Table B1 provides a consolidated adjusted budget summary of the adjusted budget. The combined expenditure including the roll-overs is as follows:

	2010/2011 R	2010/2012 R	2012/2013 R
Operating Expenditure	821 707 000	877 035 493	982 506 126
Capital Expenditure	433 724 035	250 362 445	234 287 900
	1 255 431 035	1 127 397 938	1 216 794 026

As indicated the roll-over budget will have a minimal effect on operating expenditure and as a result thereof no amendments are made to revenue and operating expenditure.

Table B5 provides details on the adjusted capital expenditure, whilst Table B9 provides adjusted information on asset management.

The adjusted capital expenditure for 2010/2011 increases from R288 427 500 to R433 724 035. This constitutes a total capital programme of R918,4-million over the next three (3) years.

The key capital expenditure including the roll-overs for the 2010/2011 financial year is then:

- R118,3-million for electricity infrastructural development
- R80,3-million for roads and storm water infrastructural development including planning and development
- R27,9-million for water infrastructural development
- R59,6-million for sewerage purification and reticulation
- R118,7-million for community facilities and public safety
- R23,1-million for governance and administration
- R5,6-million for waste management

The adjusted service delivery and budget implementation plan information for the roll-over projects is included under Part 3.
