Integrated Development Plan consultative meetings

The IDP (Integrated development planning (IDP) is a process whereby a municipality prepares its strategic development plan for a five year cycle directly linked to the term of office of its council.

It is the principal strategic planning instrument which guides and informs all planning, budgeting and development in the Steve Tshwete Local Municipality.

It is an approach to planning that involves the entire municipality and its citizens in finding the best solutions to achieve good long-term development.

The IDP planning takes into account the existing conditions and problems and resources available for development.

Residents are encouraged to attend the IDP consultative meetings and make inputs regarding their service delivery needs.

Ward councillors, ward committees and municipal officials will be attending the meeting. The ward councillors will be loud hailing the dates or residents can visit our website www.stlm.gov.za to check the dates of their ward IDP consultative meetings.
