Media Release:

Construction starts at Doornkop

The second phase of a construction of a R7,2 million rand building, consisting of a Community Hall and Offices for departmental sectors, situated adjacent to the Thusong Centre at Doornkop, has commenced in all earnest.

It is expected that departments such as Home Affairs, Labour and SAP will use the building as their satellite offices. The building has one big office which will be partitioned according to the needs of various departments which will make use of it.

The hall has a kitchen and a store room and it can accommodate about 800 people. Any member of the Steve Tshwete Municipality can book the hall for private use. Construction is expected to be completed in May next year.

Municipal Manager
W Fouche
