## PUBLIC NOTICE

### INSPECTION AND DATA COLLECTION FOR GENERAL VALUATION ROLL 2023-2028 CURRENTLY UNDERWAY IN ALL THE STLM WARDS

The Municipal Valuers will be doing inspection and data collection on all properties and is currently in Nasaret and Mhluzi Ext 2.

The data collection focuses on gathering correct information for the new General Valuation Roll to ensure a proper and correct valuation roll, thereby we request residents to assist the Municipality by allowing the Municipal Valuers to take photographs of their properties.

The General Valuation Roll is being conducted once every five (5) years. To ensure the process runs smoothly, residents are urged to give their full support and co-operation, by providing the required information which will only be used to update valuation records, and will not be used for any other purposes, like marketing or election campaigns.

All Municipal Valuers must produce their identification cards and will be wearing reflector jackets. Residents can contact their respective Ward Councillor if they are uncomfortable about allowing Municipal Valuers on their properties.

For any queries or concerns you can contact Juanita Dedekind on 013 249 7088.

Please report anyone asking for money or requiring payment to an account to the SAPS on 10111.

Yours sincerely

**MUNICIPAL MANAGER**
