PUBLIC NOTICE

FRAUDSTER SENDING OUT FAKE TENDER SMS's AND PHONE CALLS

Steve Tshwete Local Municipality has been inundated with complaints and correspondence by bidders that have submitted tenders for various projects that were advertised by the Municipality to be vigilant of calls that may come through to them of people under pretense pretending to be officials of the Municipality, and thus demanding money from bidders for them to be eligible for appointment on the set projects.

We wish to categorically place it on record that the Municipality distance itself from such fraudulent tendencies, and calls upon bidders that have been called and those that will still receive such calls or sms's to report the matter to Law Enforcement on WhatsApp 082 399 4953 or dial 082 501 1878/1879 or the South African Police Services on 10111/ 082 923 0053.

The Municipality follows strict Supply Chain Management processes in accordance with the Municipal Finance Management Act when procuring goods and services. We ensure full compliance with applicable legislation when it comes to matters relating to procurement, or any other matter thereof.

Let us work together to curb crime and exercise extreme vigilance.

Yours Sincerely

MUNICIPAL MANAGER

M. MNGUNI
