## NOTICE

### DRIVING LICENCE CARD MACHINE UNDERGOES ITS ROUTINE MAINTENANCE

Residents are hereby informed that the National Department of Transport was recently busy with the routine maintenance of the Driving Licence Card Machine. The technical team encountered a technical breakdown which requires a replacement of a critical part from the Original Equipment Manufacturer(OEM).

The production of the driving licence cards will not be affected by the routine maintenance of the card production machine. The people are therefore encouraged to continue applying for their driving licence cards as normal. It is anticipated that the resumption of card production shall commence within the next few weeks.

Yours sincerely

**MUNICIPAL MANAGER**

**S.M. Mnguni**
