The services of the service providers are required for the operation and maintenance of the Waste Transfer Station in Doornkop, which comprises of the waste transfer station only, no garden facility.

2. Scope of Works of the services required

General description

This Contract provides for the supply of all labour, plant, tools, equipment and management necessary to operate the facility in an effective and environmentally sound manner to ensure compliance with the permit.

Description of Facilities and Access

The Doornkop Waste Transfer Station is located \pm 35km Northwest of Middelburg. Access is from a gravel road from N11 (Loskop dam road).

Facility of Works

For the duration of the Contract, the Contractor will provide his own permanent or temporary Facilities if available and that include:-

a) Office and other Structures

There are some existing Facilities at the site, the Contractor can make use of these Facilities but will be responsible for maintaining the Facilities and equipment including keys for the Facilities and equipment. At the end of the Contract period the Facilities must be returned in the same state as the start of the Contract.

The Contractor will subject to the Director Environmental and Solid Waste Management prior approval and approval plan by the Municipality, provide buildings and structures such as offices, ablutions, plant, shelters, etc at the Facility to the satisfaction of the Solid Waste Management.

b) Contractor's Enclosure

This area which is fenced is intended to be used primarily as security areas for overnight parking for the Contractor's vehicles and plant equipment. The servicing and maintenance of the Contractor's vehicles and plant equipment shall be carried out within this area and in a controlled manner.

c) Access Control Gates

There are security gates across both lanes of the access road, for the purpose of controlling the entry and exit of vehicles. A gate control officer (provided by the contractor) will conduct access control

d) Security

The Contractor must allow for a minimum of two person during operational hours, at the site. Should the Contractor require further security measures to protect equipment and property, he may take such measures at his own costs and subject to the Director: Environmental and Solid Waste Management's Approval.

e) Water Supply

There may be water meters connected to the water network at the Facility, and it can be utilised at a rate determined by the Steve Tshwete Local Municipality. The Contractor will formally have to apply and pay for the use of the connection of electricity at the Steve Tshwete Local Municipality at the Contractor's expense.

f) Electricity Supply

There is no electricity supply at present. If electricity reticulation on the sites is required by the contractor it shall be constructed at his own cost, and comply with council regulations.

g) Housing of Employees

The Contractor will not be permitted to house his employees, at the Facilities.

COMMENCEMENT AND SUSPENSION

Commencement of Contract

Contractor shall commence the Contract within 07 (seven) days after the receipt by him of a letter of appointment by delivery by hand or registered post and shall proceed with the work immediately.

Contract Period

The Contract period shall be 12 Months.

Suspension of Operation

The Contract shall on the written order of the Director Environmental and Solid Waste Management suspend or curtail the Operation for such time or times and in such manner as the Director Environmental and Solid Waste Management may consider necessary and shall such suspension properly protects and secure the Facility so far as is necessary in the opinion of the Relevant Authorised Person. The extra cost (where properly sustained) incurred by the Contractor in giving effect to the Director Environmental and Solid Waste Management's instructions under this clause shall be borne by the Steve Tshwete Local Municipality unless such suspense is:

- Necessary because of improper execution of the work or some other default on the part of the contractor.
- Necessary because of weather conditions.
- Necessary for safety reasons.

Provided that the Contractor shall not be entitled to recover any such extra cost unless he gives notice in writing of his intention to claim to the Director Environmental and Solid Waste Management within

14 (fourteen) days of the Director Environmental and Solid Waste Management's order. The Relevant Authorised Person shall determine the extra payment to be made to the Contractor in respect of that claim, as he may consider fair and reasonable.

If the operation is suspended on the written order of the Director Environmental and Solid Waste Management for more than 28 (twenty eight) days, the Contractor may within 14 (fourteen) days from the receipt thereof, serve a written notice to the Director Environmental and Solid Waste Management requesting permission to proceed with the operation and, if such permission is not granted within that time, the Contractor may (but this is not bound) by a further written notice to the Director Environmental and Solid Waste Management.

PLANT

All plant equipment used for the work shall be suitable for the general prevailing conditions, prevailing road conditions, of adequately rated capacity, in good working condition, and shall be so designed and constructed to cause a minimum of dust, noise and air pollution all within the bounds of legal requirements. Properly qualified/trained and experienced Operators shall operate the plant equipment. Proof of competence of drivers must be submitted to the Director Environmental and Solid Waste Management for approval. In the event of a breakdown occurring, the Contractor shall provide equipment as is necessary to ensure that the proper Operation and Maintenance of the works is not placed in jeopardy.

Plant and Equipment – the Contractor shall submit with his tender, a description of the proposed plant equipment complement as well as a description of the backup on breakdowns.

OPERATION AND MAINTENANCE OF THE FACILITY

Source of Waste

The waste disposed of at the Facility originates from Doornkop and the surrounding areas, and consisting of household waste, garden Waste, builder's rubble and industrial waste (except hazardous waste).

Other Sources

Should it be to the Steve Tshwete Local Municipality's benefit, they may dispose of waste at the Facility that originates from sources other than those indicated. In such an event the Steve Tshwete Local Municipality reserves the right to restrict the quantity of waste received from other sources. For the duration of the Contract and any extensions thereto, it will be the Contractor's responsibility to make all known and any interests he, and/or of the personnel, may have in any company or commercial waste enterprise which may result in waste being disposed of at the Facility. In addition, should this position change, the Contractor will be obliged to inform the Steve Tshwete Local Municipality thereof within seven days(7) days of any such change.

Any obvious abuse of this entitlement will result in immediate cancellation thereof.

No hazardous waste may be disposed of at the site.

Waste Quantities

The current estimated quantity of waste to pass through the transfer stations varies from month to

month. An employer shall not be bound to specific quantities. Because of unpredictable growth in population in the areas as well as the locality of the waste generation source, the actual quantities may vary considerably from the estimated quantities. Furthermore, the STLM reserves the right to vary its waste disposal strategy, which will affect the waste quantities, involved.

Waste Types

The Contractor will be required to handle all non-hazardous waste. Hazardous wastes will not be accepted on the site and the generator will be advised of the correct disposal sites available within and outside the Municipal boundaries. Wastes that are expected to be handled are:

- Domestic waste
- Garden waste
- Builder’s rubble
- Dry industrial waste
- commercial waste
- Bulky waste

Hazardous Wastes, liquids and sludge, whether in sealed drums or not, will NOT be allowed to be disposed at the Facility.

The Contractor will be required to record all relevant details of any person, vehicle or operator who attempt to bring any such unacceptable waste onto the Facility and shall advise such a person or operator of the locality of the nearest Facility where such waste can be safely handled, and the Director Environmental and Solid Waste Management from Steve Tshwete should be informed accordingly.

Charges for Disposal

The Contractor shall not cash-charge any of the users for disposing Waste at the Facility. Uses will be allowed to dispose of waste free of charge.

The charge, if any, for using the Facility will be based on the volume (cubic meter capacity of the vehicle or container, with adjustments for the compactor vehicles and compacted containers or actual tonnage). The invoicing for the above mentioned amount will be undertaken by the Steve Tshwete Local Municipality, who reserves the right to vary the rate of disposal from time to time as it considers necessary. All the money obtained from invoicing will belong to the Steve Tshwete Local Municipality.

Operating hours

The Contractor will be responsible for operating the works every day, including Saturdays and Sundays, and Public Holidays. The only day upon which the Works may be suspended is Christmas day, unless stated otherwise by the Director Environmental and Solid Waste Management.

Should it be established that the above is unsuitable, with the approval of the Director Environmental and Solid Waste Management; the working hours may be altered accordingly and recorded on the notice board.

Operating Hours

Week Days	Description	Time
-----------	-------------	------

Monday to Friday	Open to public	07:00 to 18:00
Saturday	Open to public	07:00 to 16:00
Sunday & Public Holidays		07:00 to 15:00

Use of Facility after Hours

Except by prior arrangement and with the Director Environmental and Solid Waste Management’s approval the Facility may not be opened outside the agreed operating hours and the Facility’s gate shall be kept locked.

Contractor’s Work Establishment

The Contractor will have to state in the Data Schedules at the time of tendering the number of designations and qualifications for all staff to be employed, and the number and descriptions of the various types of plant and equipment to be utilized at the Facility for the purpose of executing the Contract. The Contractor will be permitted to vary this establishment during the course of the contract only after a written application has been made to and written permission received from the Director Environmental and Solid Waste Management.

The Contractor shall ensure that the Director Environmental and Solid Waste Management is in possession of an up to date register of all staff, labour, plant and equipment at the Facility. Any deviation from the provision of this clause, especially the removal of plant and equipment without prior approval will attract penalties.

The staff complement shall have the following minimum composition, subject to escalation over weekends, public holidays and peak periods:

Staff Description	Duty Time
Gate controller/security guard	Full time
Skip bin controller/director	Full time

Preference must, wherever possible, be given to local residents, especially women during employee selection. Employees must undergo first aid training and fire fighting courses through recognised training institutions. They must also be trained in safety rules and regulations (Occupational health and Safety) and be provided protective equipment.

Control of Gate

For the full duration of the contract, the Contractor shall provide a competent and reliable gatekeeper, for the purpose of controlling and ensuring the correct assessment of incoming loads. All vehicles entering the Facility will be stopped at the entrance. The gate controller will record the driver’s details; the vehicles tare weight, registration number and waste type. The driver will be directed to the bin

controller to be shown as where to dispose of his waste. On arrival at the designated area the bin controller will direct the vehicles to the correct container and inspect the waste during offloading to ensure consistency of the waste stream and also check for hazardous wastes.

When off loading is completed, the driver will proceed to the exit where the security guard will check that the vehicle is empty before the vehicle is allowed to exit. The site must always be free from litter and the surrounding of about 10m should be free from litter.

All visitors will be expected to fill in a visitors log book.

Preference of Users

The Contractor must at all times show equal respect and consideration to all Facility users and under no circumstances may he treat any user preferentially. This clause has particular reference to the use of the Facility by vehicles belonging to a company or enterprise in which the Contractor may have direct or indirect interest. The public must always be treated friendly to promote the council's image.

Meetings and Facility Inspections

During the execution of the contract, the Contractor, other Operators, the Employer and the Director Environmental and Solid Waste Management shall initially meet at monthly intervals or at other intervals as required by the Director Environmental and Solid Waste Management. In addition meetings with the Managing and Monitoring Committee will be held at quarterly intervals. The Director Environmental and Solid Waste Management shall make arrangements for the meetings.

The Contractor shall ensure that a member of his staff, who is sufficiently senior to be able to make operating decisions and commitments, as well as being familiar with the operation of the disposal site, is always in attendance at these meetings. The meeting will be held to discuss all and any matters relating to the operation of the site, and to update and review the overall plan of operation. Decisions made, minuted and agreed at these meetings will be binding on the parties.

Auditors appointed by the employer will undertake periodic (initially) monthly site inspection or audits. During this exercise, a specially designed profoma will be filled out, which will numerically assess important aspects of the operation. This, together with appropriate recommendations will be submitted to both the employer and the Contractor. These inspections may or may not be conducted in conjunction with the Contractor or the monthly meetings. At the discretion of the Director Environmental and Solid Waste Management, such periodic site inspections can later be undertaken quarterly.

Operation of the Facilities

The operation of the Facility by the contractor will involve the following major functions:

- Gate and Access Control.
- Maintenance of access roads within the sites.
- Garden Waste disposal, general waste
- Management of recycling activities within the site
- Acquisition of waste information
- Usage of skip bins.
- Grass cutting inside and outside the facility at least 10m.

The principle regarding the above are discussed below, with the view to provide the Service Provider

with a clear concept of what is expected of him with guidelines for drafting his proposed Action Plan. Where applicable, the Contractor will be expected to operate the site according to the stipulations in the Management Plan. In addition to the major functions dealt with below, numerous other aspects are included for information:

Access Roads

Contractor shall construct temporary roads for the operation and maintain future permanent gravel access roads to the depositing area as and when necessary during the contract period. The gravel access road to the relevant phase, from the main road must also be maintained. The roads must be:

- Usable in both wet and dry conditions.
- Able to comfortably accommodate two large passing vehicles.
- Sufficiently smooth and even to enable large vehicles to travel at 20 km/h without damage or discomfort.
- Flat enough to enable vehicles to stop and move off without difficulty and slipping.

Traffic Control and Direction Signs

Clear and easily understandable traffic control and direction signs must be provided from the turning off to the Facility entrance to the off loading point at the working face.

Working Face – Garden Site

Space must be available at the working face to enable vehicles to manoeuvre and reverse without causing excessive congestion. A minimum face width of 6m – 10m must be maintained to enable two vehicles to work alongside each other. To avoid overturning of vehicles, the working face area must also be located and granted that the vehicles operate on a level ground.

Control of Nuisances

The Contractor shall take all reasonable measures to operate the Facility to reduce and, where possible, prevent nuisance such as:

- Odour (by applying sanitary procedures of compaction and covering).
- Dust (by means of watering).
- Flies and rodents (by applying sanitary procedures of compaction and covering as well as by setting fly traps, etc).
- Noise (by ensuring that all plant equipment, etc are in good working order).
- Windblown litter (by applying sanitary procedures of covering, as well using litter-catch fences where possible and picking up the litter that has been scattered in the area).
The Contractor shall ensure that a radius of 500 metres around the Facility measured from the fence stays clean of windblown litter at all times.

Wet Weather

Vehicles may become stuck in the mud when the Facility is wet. In view of this, the Contractor shall ensure that temporary access roads are passable in most situations, with a suitable contingency plan available for continuing the operation in the extreme situation where the access roads are impassable.

Vehicles Stuck in mud

The Contractor shall have available at the Facility, heavy-duty tow ropes or tow bars, and shall assist any vehicle becoming stuck on the Facility with minimal delay. Stuck vehicles must be towed out and under no circumstances may they be pushed. The Contractor will be held responsible for the cost of repairs to any vehicle that has been pushed instead of being towed.

Record Keeping

The Contractor shall maintain comprehensive information on every vehicle that enters the facility for the purpose of offloading. Detailed daily records of the following and these shall be made available for inspection by the relevant Responsible Person or Steve Tshwete Local Municipality at all times.

- Record keeping book
- Number of loads (including the registration and size of each vehicle)
- Daily quantities of waste handled (in terms of volume or tonnages)
- Facility Diary
- Complaints register
- Accidents
- Breakdowns and Stoppages
- Rainfall
- Hazardous material turned away
- Facility instruction book
- Database on the above

All of the above will be compiled in a report and submitted to the Steve Tshwete Local Municipality not later than the tenth of the following month. Failure to comply with this date of submission will result in penalties being imposed.

Maintenance of the Facility

The Contractor shall maintain all aspects of the site in order to ensure its smooth and efficient operation and prevent undue deterioration of any item. The Contractor shall bear all maintenance costs other than the costs of materials required as a result of normal wear and tear. This will, subject to prior approval by the Director Environmental and Solid Waste Management, be borne by the employer.

Should it at any stage be evident that a large damage repair has resulted because the contractor did not take any action at an earlier stage, and that the Contractor has no good reason for not having taken earlier action, the cost of the repair will be for the cost of the Contractors account. In maintaining the site the Contractor will be expected to perform maintenance work on his own initiative and without first being ordered to do so by the Director Environmental and Solid Waste Management.

i. Buildings

The Contractor shall be responsible for the care and maintenance of all buildings and structures on the site. Maintenance shall include the periodic repairing of and, if necessary, the making good of any damages. All the buildings shall be left in a thoroughly clean and sound condition, to the satisfaction of the Director Environmental and Solid Waste Management

ii. Notice Boards

The Contractor shall supply and erect, at an approved location, a waterproof notice board with the

Director Environmental and Solid Waste Management's approval. The Contractor shall be responsible for effecting alterations to the board to ensure that the information displayed thereon is kept in an up to date condition, and for maintaining the board in good repair for the duration of the contract.

iii. Fences and Gates

The Contractor shall keep all fencing and gates and perimeter wall in good order and shall repair any damage to them.

iv. Skip Bins

The Contractor shall be responsible for the care and maintenance of the skip bins on the site as per the manufacturer's instructions and as per the instructions of the Director Environmental and Solid Waste Management. Maintenance shall include the periodic repairing within 48 hours as agreed and if necessary, the making good of any damage as directed by the Responsible Person. On termination of the Contract, the skip bins shall be left in a thorough clean and sound condition, to the satisfaction of the Director Environmental and Solid Waste Management.

v. Gardens and Landscaping

The Contractor shall also be responsible of caring for the trees by watering them, pruning as per requirement as well as the clearing of unwanted plants or trees that may grow within the Facility. The Contractor is expected to cut the grass within the Facility and 2 metres outside the fence once every two months or as instructed by the Director Environmental and Solid Waste Management

vi. Services

The Contractor shall be responsible for the maintenance of all services such as water mains including hydrants, houses, sewers, storm water pipelines and electrical cables and fittings (i.e. those services within the site boundaries if any). Maintenance shall include the periodic repairing of and, if necessary, the making good of any damage. On termination of the Contract, the waste Compactor unit shall be left in a thoroughly clean condition, to the satisfaction of the Authorised Responsible Person.

vii. Containers on Site

The containers to be emptied by the Council's refuse removal trucks consist primarily of 6 cubic metre open containers containing non-hazardous domestic solid waste at the transfer station.

The Contractor shall be fully responsible for the care and safekeeping of the Council's containers and making sure that the containers are placed in position for disposal of waste and that the conveyer belts are placed accordingly to ease disposal of waste.

The Contractor shall further report to the employers representative in writing, all cases of loss of or damage to containers whilst in his care and such reports are to be submitted to the employer's representative within **FOURTY EIGHT (48) HOURS** of the occurrence of such loss or damage.

viii. Steve Tshwete Local Municipality's Equipment

The Contractor will be responsible for the security of all Steve Tshwete Local Municipality's equipment stored at the Facility.

ix. Concrete Structure and Paved Area

The Contractor is expected to maintain the concrete structure and the paved area in good conditions at all times. Any damages to the structure and the paved area should be reported at all times. A Contractor has a period of twenty four (24) hours to report and repair the identified damages.

Emergency

The Contractor shall ensure that there is a contingency plan for the following anticipated emergency events:

- 1) Fire
- 2) Spillage containment
- 3) Injuries to employees and customers
- 4) Discovery of hazardous material

MONITORING AND REPORTING

In liaison with the Employer's Representative, the Contractor shall convene Monthly Progress Review Meetings at which performance of the Contractor in line with this agreement shall be assessed. Written reports covering activities carried out and all relevant matters shall be submitted and discussed.

Payments and processing matters shall also be discussed at the monthly meetings.

MEASUREMENT AND PAYMENT

Basis of Payment to Contractor

The monthly payment of the Contractor shall, cover, interalia, the following:

- a) Cost of providing sureties, insurance of plant liability insurance, unemployment insurance, the cost of compliance with the requirements of the workmen's Compensation Act, complying with statutes and by-laws etc and the costs of continuing to meet these obligations.
- b) Cost of providing, establishing, commissioning and maintaining adequate facilities, plant, tools and equipment on the site to enable the Operation to proceed in terms of the Contract and shall include the costs of furniture, tools, equipment, storage facilities and the notice board, communications, security and access facilities, sanitation, water, electricity, the wages of supervisory staff and transport costs incurred in connection with such staff.
- c) Costs of the nuisances, maintaining the site in a neat and clean condition and for dealing with complaints.

BROAD-BASED BLACK ECONOMIC EMPOWERMENT (B-BBEE) STATUS LEVEL CERTIFICATES

Bidders are required to submit original and valid B-BBEE Status Level Verification Certificates or certified copies thereof together with their bids, to substantiate their B-BBEE rating claims.

Bidders who do not submit B-BBEE Status T Level Verification Certificates or are non-compliant contributors to B-BBEE do not qualify for preference points for B-BBEE but should not be disqualified from the bidding process. They will score points for out of 90 or 80 for price only and **zero** points out of 10 or 20 for B-BBEE.

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2011

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution.

NB: BEFORE COMPLETING THIS FORM, BIDDERS MUST STUDY THE GENERAL CONDITIONS, DEFINITIONS AND DIRECTIVES APPLICABLE IN RESPECT OF B-BBEE, AS PRESCRIBED IN THE PREFERENTIAL PROCUREMENT REGULATIONS, 2011.

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R1 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R1 000 000 (all applicable taxes included).

1.2 The value of this bid is estimated to exceed/not exceed R1 000 000 (all applicable taxes included) and therefore the system shall be applicable.

1.3 Preference points for this bid shall be awarded for:

- (a) Price; and
- (b) B-BBEE Status Level of Contribution.

1.3.1 The maximum points for this bid are allocated as follows:

	POINTS
1.3.1.1 PRICE
1.3.1.2 B-BBEE STATUS LEVEL OF CONTRIBUTION
Total points for Price and B-BBEE must not exceed	100

1.4 Failure on the part of a bidder to fill in and/or to sign this form and submit a B-BBEE Verification Certificate from a Verification Agency accredited by the South African Accreditation System (SANAS) or a Registered Auditor approved by the Independent Regulatory Board of Auditors (IRBA) or an Accounting Officer as contemplated in the Close Corporation Act (CCA) together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.5. The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.

2. DEFINITIONS

2.1 “all applicable taxes” includes value-added tax, pay as you earn, income tax, unemployment insurance fund contributions and skills development levies;

2.2 “B-BBEE” means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;

2.3 “B-BBEE status level of contributor” means the B-BBEE status received by a measured entity based on

its overall performance using the relevant scorecard contained in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;

- 2.4 “**bid**” means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of services, works or goods, through price quotations, advertised competitive bidding processes or proposals;
- 2.5 “**Broad-Based Black Economic Empowerment Act**” means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);
- 2.6 “**comparative price**” means the price after the factors of a non-firm price and all unconditional discounts that can be utilized have been taken into consideration;
- 2.7 “**consortium or joint venture**” means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract;
- 2.8 “**contract**” means the agreement that results from the acceptance of a bid by an organ of state;
- 2.9 “**EME**” means any enterprise with an annual total revenue of R5 million or less;
- 2.10 “**Firm price**” means the price that is only subject to adjustments in accordance with the actual increase or decrease resulting from the change, imposition, or abolition of customs or excise duty and any other duty, levy, or tax, which, in terms of the law or regulation, is binding on the contractor and demonstrably has an influence on the price of any supplies, or the rendering costs of any service, for the execution of the contract;
- 2.11 “**functionality**” means the measurement according to predetermined norms, as set out in the bid documents, of a service or commodity that is designed to be practical and useful, working or operating, taking into account, among other factors, the quality, reliability, viability and durability of a service and the technical capacity and ability of a bidder;
- 2.12 “**non-firm prices**” means all prices other than “firm” prices;
- 2.13 “**person**” includes a juristic person;
- 2.14 “**rand value**” means the total estimated value of a contract in South African currency, calculated at the time of bid invitations, and includes all applicable taxes and excise duties;
- 2.15 “**sub-contract**” means the primary contractor’s assigning, leasing, making out work to, or employing, another person to support such primary contractor in the execution of part of a project in terms of the contract;
- 2.16 “**total revenue**” bears the same meaning assigned to this expression in the Codes of Good Practice on Black Economic Empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act and promulgated in the *Government Gazette* on 9 February 2007;
- 2.17 “**trust**” means the arrangement through which the property of one person is made over or bequeathed to a trustee to administer such property for the benefit of another person; and
- 2.18 “**trustee**” means any person, including the founder of a trust, to whom property is bequeathed in order for such property to be administered for the benefit of another person.

3. ADJUDICATION USING A POINT SYSTEM

- 3.1 The bidder obtaining the highest number of total points will be awarded the contract.
- 3.2 Preference points shall be calculated after prices have been brought to a comparative basis taking into account all factors of non-firm prices and all unconditional discounts;
- 3.3 Points scored must be rounded off to the nearest 2 decimal places.
- 3.4 In the event that two or more bids have scored equal total points, the successful bid must be the one scoring the highest number of preference points for B-BBEE.

- 3.5 However, when functionality is part of the evaluation process and two or more bids have scored equal points including equal preference points for B-BBEE, the successful bid must be the one scoring the highest score for functionality.
- 3.6 Should two or more bids be equal in all respects, the award shall be decided by the drawing of lots.

4. POINTS AWARDED FOR PRICE

4.1 THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS

A maximum of 80 or 90 points is allocated for price on the following basis:

$$P_s = 80 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right) \quad \text{or} \quad P_s = 90 \left(1 - \frac{P_t - P_{\min}}{P_{\min}} \right)$$

Where

P_s = Points scored for comparative price of bid under consideration

P_t = Comparative price of bid under consideration

P_{\min} = Comparative price of lowest acceptable bid

5. Points awarded for B-BBEE Status Level of Contribution

- 5.1 In terms of Regulation 5 (2) and 6 (2) of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

B-BBEE Status Level of Contributor	Number of points (90/10 system)	Number of points (80/20 system)
1	10	20
2	9	18
3	8	16
4	5	12
5	4	8
6	3	6
7	2	4
8	1	2
Non-compliant contributor	0	0

- 5.2 Bidders who qualify as EMEs in terms of the B-BBEE Act must submit a certificate issued by an Accounting Officer as contemplated in the CCA or a Verification Agency accredited by SANAS or a Registered Auditor. Registered auditors do not need to meet the prerequisite for IRBA's approval for the purpose of conducting verification and issuing EMEs with B-BBEE Status Level Certificates.
- 5.3 Bidders other than EMEs must submit their original and valid B-BBEE status level verification certificate or a certified copy thereof, substantiating their B-BBEE rating issued by a Registered Auditor approved by IRBA or a Verification Agency accredited by SANAS.

- 5.4 A trust, consortium or joint venture, will qualify for points for their B-BBEE status level as a legal entity, provided that the entity submits their B-BBEE status level certificate.
- 5.5 A trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate bid.
- 5.6 Tertiary institutions and public entities will be required to submit their B-BBEE status level certificates in terms of the specialized scorecard contained in the B-BBEE Codes of Good Practice.
- 5.7 A person will not be awarded points for B-BBEE status level if it is indicated in the bid documents that such a bidder intends sub-contracting more than 25% of the value of the contract to any other enterprise that does not qualify for at least the points that such a bidder qualifies for, unless the intended sub-contractor is an EME that has the capability and ability to execute the sub-contract.
- 5.8 A person awarded a contract may not sub-contract more than 25% of the value of the contract to any other enterprise that does not have an equal or higher B-BBEE status level than the person concerned, unless the contract is sub-contracted to an EME that has the capability and ability to execute the sub-contract.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

MBD 9

CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Municipality / Municipal Entity)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of: _____ that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign, the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word "competitor" shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:
 - (a) has been requested to submit a bid in response to this bid invitation;
 - (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
 - (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.
7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:
 - (a) prices;
 - (b) geographical area where product or service will be rendered (market allocation)
 - (c) methods, factors or formulas used to calculate prices;
 - (d) the intention or decision to submit or not to submit, a bid;
 - (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
 - (f) bidding with the intention not to win the bid.
8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.
9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.

MBD 9

10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
