TAX CLEARANCE CERTIFICATE REQUIREMENTS

It is a condition of bid that the taxes of the successful bidder must be in order, or that satisfactory arrangements have been made with South African Revenue Service (SARS) to meet the bidder's tax obligations.

1. In order to meet this requirement bidders are required to complete in full form TCC001 "Application for a Tax Clearance Certificate" and submit it to any SARS branch office nationally. The tax clearance certificate requirements are also applicable to foreign bidders / individuals who wish to submit bids. Copies of the TCC 001 "Application for a Tax Clearance Certificate" form are available from any SARS branch office nationally or on the website www.sars.gov.za.
2. SARS will then furnish the bidder with a tax clearance certificate that will be valid for a period of 1 (one) year from the date of approval.
3. The original tax clearance certificate must be submitted together with the bid. Failure to submit the original and valid tax clearance certificate will result in the invalidation of the bid. Certified copies of the Tax Clearance Certificate will not be acceptable.
4. In bids where consortia / joint ventures / sub-contractors are involved, each party's must submit a separate Tax Clearance Certificate.
5. Applications for the tax clearance certificates may also be made via e-Filing. In order to use this provision, taxpayers will need to register with SARS as e-Filers through the website www.sars.gov.za.
6. Exemption to the provision of a tax clearance certificate will be granted provided that:
 - a) The bidder is registered on the vendor database of the municipality and a valid tax clearance certificate was submitted together with the application for registration
 - b) If the closing date of the price quotation or bid falls within the expiry date of the tax clearance certificate that is in the municipality's possession.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This municipal bidding document (MBD) must form part of all bids¹ invited.
- 2 Section 4(1)(b)(iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - 3.1. take all reasonable steps to prevent such abuse;
 - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

-----------	--	--	--	--	--

trained in safety rules and regulations (Occupational health and Safety) be provided protective equipment and they must be immunised for Hepatitis B.

h. Control of Gate

For the full duration of the contract, the Contractor shall provide a competent and reliable gatekeeper, for the purpose of controlling and ensuring the correct assessment of incoming loads. All vehicles entering the Facility will be stopped at the entrance. The gate controller will record the driver's details; the vehicles tare weight, registration number and waste type. The driver will be directed to the bin controller to be shown as where to dispose of his waste. On arrival at the designated area the bin controller will direct the vehicles to the correct container and inspect the waste during offloading to ensure consistency of the waste stream and also check for hazardous wastes.

When off loading is completed, the driver will proceed to the exit where the security guard will check that the vehicle is empty before the vehicle is allowed to exit.

All visitors will be expected to fill in a visitors log book.

i. Preference of Users

The Contractor must at all times show equal respect and consideration to all Facility users and under no circumstances may he treat any user preferentially. This clause has particular reference to the use of the Facility by vehicles belonging to a company or enterprise in which the Contractor may have direct or indirect interest. The public must always be treated friendly to promote the council's image.

j. Meetings and Facility Inspections

During the execution of the contract, the Contractor, other Operators, the Employer and the Director Environmental and Solid Waste Management shall initially meet at monthly intervals or at other intervals as required by the Director Environmental and Solid Waste Management. In addition meetings with the Managing and Monitoring Committee will be held at quarterly intervals. The Director Environmental and Solid Waste Management shall make arrangements for the meetings.

The Contractor shall ensure that a member of his staff, who is sufficiently senior to be able to make operating decisions and commitments, as well as being familiar with the operation of the disposal site, is always in attendance at these meetings. The meeting will be held to discuss all and any matters relating to the operation of the site, and to update and review the overall plan of operation. Decisions made, minuted and agreed at these meetings will be binding on the parties.

Auditors appointed by the employer will undertake periodic (initially) yearly site inspection or audits. During this exercise, a specially designed profoma will be filled out, which will numerically assess important aspects of the operation. This, together with appropriate recommendations will be submitted to both the employer and the Contractor. These inspections may or may not be conducted in conjunction with the Contractor or the monthly meetings. At the discretion of the Director Environmental and Solid Waste Management, such periodic site inspections can later be undertaken quarterly.

k. Operation of the Facilities

The operation of the Facility by the contractor will involve the following major functions:

- Gate and Access Control.
- Maintenance of access roads within the sites.
- Usage of skip bins.
- Grass cutting.

The principle regarding the above are discussed below, with the view to provide the Service Provider with a clear concept of what is expected of him with guidelines for drafting his proposed Action Plan. Where applicable, the Contractor will be expected to operate the site according to the stipulations in the

Q06.08.18					
-----------	--	--	--	--	--

Management Plan. In addition to the major functions dealt with below, numerous other aspects are included for information:

I. Access Roads

Contractor shall construct temporary roads for the operation and maintain future permanent gravel access roads to the depositing area as and when necessary during the contract period. The gravel access road to the relevant phase, from the main road must also be maintained. The roads must be:

- Usable in both wet and dry conditions.
- Able to comfortably accommodate two large passing vehicles.
- Sufficiently smooth and even to enable large vehicles to travel at 20 km/h without damage or discomfort.
- Flat enough to enable vehicles to stop and move off without difficulty and slipping.

m. Traffic Control and Direction Signs

Clear and easily understandable traffic control and direction signs must be provided from the turning off to the Facility entrance to the off loading point at the working face.

n. Control of Nuisances

The Contractor shall take all reasonable measures to operate the Facility to reduce and, where possible, prevent nuisance such as:

- Odour (by applying sanitary procedures of compaction and covering).
- Dust (by means of watering).
- Flies and rodents (by applying sanitary procedures of compaction and covering as well as by setting fly traps, etc).
- Noise (by ensuring that all plant equipment, etc are in good working order).
- Windblown litter (by applying sanitary procedures of covering, as well using litter-catch fences where possible and picking up the litter that has been scattered in the area). The Contractor shall ensure that a radius of 500 metres around the Facility measured from the fence stays clean of windblown litter at all times.

o. Record Keeping

The Contractor shall maintain comprehensive information on every vehicle that enters the facility for the purpose of offloading. Detailed daily records of the following and these shall be made available for inspection by the relevant Responsible Person or Steve Tshwete Local Municipality at all times.

- Record keeping book
- Number of loads (including the registration and size of each vehicle)
- Daily quantities of waste handled (in terms of volume or tonnages)
- Facility Diary
- Complaints register
- Accidents register
- Breakdowns and Stoppages
- Rainfall
- Hazardous material turned away
- Facility instruction book

All of the above will be compiled in a report and submitted to the Steve Tshwete Local Municipality not later than the tenth of the following month. Failure to comply with this date of submission will result in penalties being imposed.

Q06.08.18					
-----------	--	--	--	--	--

6. Maintenance of the Facility

The Contractor shall maintain all aspects of the site in order to ensure its smooth and efficient operation and prevent undue deterioration of any item. The Contractor shall bear all maintenance costs other than the costs of materials required as a result of normal wear and tear. This will, subject to prior approval by the Director Environmental and Solid Waste Management, be borne by the employer.

Should it at any stage be evident that a large damage repair has resulted because the contractor did not take any action at an earlier stage, and that the Contractor has no good reason for not having taken earlier action, the cost of the repair will be for the cost of the Contractors account. In maintaining the site the Contractor will be expected to perform maintenance work on his own initiative and without first being ordered to do so by the Director Environmental and Solid Waste Management.

i. Buildings

The Contractor shall be responsible for the care and maintenance of all buildings and structures on the site. Maintenance shall include the periodic repairing of and, if necessary, the making good of any damages. All the buildings shall be left in a thoroughly clean and sound condition, to the satisfaction of the Director Environmental and Solid Waste Management

ii. Notice Boards

The Contractor shall supply and erect, at an approved location, a waterproof notice board with the Director Environmental and Solid Waste Management's approval. The Contractor shall be responsible for effecting alterations to the board to ensure that the information displayed thereon is kept in an up to date condition, and for maintaining the board in good repair for the duration of the contract.

iii. Fences and Gates

The Contractor shall keep all fencing and gates and perimeter wall in good order and shall repair any damage to them.

iv. Skip Bins

The Contractor shall be responsible for the care and maintenance of the skip bins on the site as per the manufacturer's instructions and as per the instructions of the Director Environmental and Solid Waste Management. Maintenance shall include the periodic repairing within 48 hours as agreed and if necessary, the making good of any damage as directed by the Responsible Person. On termination of the Contract, the skip bins shall be left in a thorough clean and sound condition, to the satisfaction of the Director Environmental and Solid Waste Management.

v. Gardens and Landscaping

The Contractor shall also be responsible of caring for the trees by watering them, pruning as per requirement as well as the clearing of unwanted plants or trees that may grow within the Facility. The Contractor is expected to cut the grass within the Facility and 2 metres outside the fence once every two months or as instructed by the Director Environmental and Solid Waste Management

vi. Services

The Contractor shall be responsible for the maintenance of all services such as water mains including hydrants, houses, sewers, storm water pipelines and electrical cables and fittings (i.e. those services within the site boundaries if any). Maintenance shall include the periodic repairing of and, if necessary, the making good of any damage. On termination of the Contract, the waste Compactor unit shall be left in a thoroughly clean condition, to the satisfaction of the Authorised Responsible Person.

vii. Containers on Site

Q06.08.18					
-----------	--	--	--	--	--

The containers to be emptied by the Council's refuse removal trucks consist primarily of 6 cubic metre open containers containing non-hazardous domestic solid waste at the transfer station.

The Contractor shall be fully responsible for the care and safekeeping of the Council's containers and making sure that the containers are placed in position for disposal of waste and that the conveyer belts are placed accordingly to ease disposal of waste.

The Contractor shall further report to the employers representative in writing, all cases of loss of or damage to containers whilst in his care and such reports are to be submitted to the employer's representative within **FOURTY EIGHT (48) HOURS** of the occurrence of such loss or damage.

viii. Steve Tshwete Local Municipality's Equipment

The Contractor will be responsible for the security of all Steve Tshwete Local Municipality's equipment stored at the Facility.

ix. Concrete Structure and Paved Area

The Contractor is expected to maintain the concrete structure and the paved area in good conditions at all times. Any damages to the structure and the paved area should be reported at all times. A Contractor has a period of twenty four (24) hours to report and repair the identified damages.

7.EMERGENCY

The Contactor shall ensure that there is a contingency plan for the following anticipated emergency events:

- 1) Fire
- 2) Spillage containment
- 3) Injuries to employees and customers
- 4) Discovery of hazardous material

8.MONITORING AND REPORTING

In liaison with the Employer's Representative, the Contractor shall convene Monthly Progress Review Meetings at which performance of the Contractor in line with this agreement shall be assessed. Written reports covering activities carried out and all relevant matters shall be submitted and discussed. Payments and processing matters shall also be discussed at the monthly meetings.

9.MEARSUREMENT AND PAYMENT

Basis of Payment to Contractor

The monthly payment of the Contractor shall, cover, interalia, the following:

- a) Cost of providing sureties, insurance of plant liability insurance, unemployment insurance, the cost of compliance with the requirements of the workmen's Compensation Act, complying wit statutes and by-laws etc and the costs of continuing to meet these obligations.
