- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - 3.1. take all reasonable steps to prevent such abuse;
 - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

C3 SCOPE OF WORKS / SPECIFICATIONS

1. INTRODUCTION AND BACKGROUND

The Steve Tshwete Local Municipality is confronted with a number of environmental challenges as a result of insufficient and ineffective education and awareness. Lack of knowledge of environmental management in STLM has led to the increase in illegal dumping of waste and other environmental challenges.

Education and awareness is needed in order to:

- Effect behavioral change
- To promote environmental protection
- To promote conservation of natural resources, water and energy.
- Improve Waste Minimisation
- Mitigation of climate change effects
- Save council money spent on cleaning of illegal dumping sites and rehabilitation of land
- Protect human health (Illegal dumping becomes a breeding area for mosquitos and vermin such as rodents and cockroaches that can cause life threatening diseases.
- Save space (Illegal dumping takes up space that can be used for constructive purposes like recreation and gardening)

It is for this reason that the the Municipality intends to create a robust awareness campaign to educate the public about the negative impact of illegal dumping and encourage them to take care of the environment. Public needs to be persuaded to play their part in keeping the municipality clean and green, to stop illegal dumping and littering and reduce, reuse and recycle waste.

2. SCOPE OF WORK

STLM is looking to appoint a suitable service provider with previous exposure in graphic design, production and printing of different types of awareness materials for environmental related awareness campaigns.

The service provider will be required to do the following:

- Develop content that will talk to environmental management awareness
- The content must be focusing on public to play their part in protecting the environment
- The contact numbers to be used to report environmental transgression will be given and must be included in all the designs of the awareness materials.
- The service provider will be required to source relevant high resolution images/artwork that are royalty free that can be used in the artwork.
- Development of custom cartoon to be used as brand character for all awareness campaigns
- The service provider must be in a position to supply the Municipality with open files of the artwork in a PDF/vector and word format
- The design process should accommodate for three reverts (editing).
- The designs must be according the approved STLM CI Manual
- Designs must be in two different languages (English and Zulu)
