### CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This municipal bidding document (MBD) must form part of all bids<sup>1</sup> invited.
- 2 Section 4(1)(b)(iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).<sup>2</sup> Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Municipal Supply Regulation 38(1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
  - 3.1. take all reasonable steps to prevent such abuse;
  - 3.2. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
  - 3.3. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.
- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

<sup>1</sup> Includes price quotations, advertised competitive bids, limited bids and proposals.

<sup>2</sup> Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

**b. Contract Period**

The Contract period shall be 12 months.

**c. Suspension of Operation**

The Contract shall on the written order of the Director Environmental and Solid Waste Management suspend or curtail the Operation for such time or times and in such manner as the Director Environmental and Solid Waste Management may consider necessary and shall such suspension properly protects and secure the Facility so far as is necessary in the opinion of the Relevant Authorised Person. The extra cost (where properly sustained) incurred by the Contractor in giving effect to the Director Environmental and Solid Waste Management's instructions under this clause shall be borne by the Steve Tshwete Local Municipality unless such suspense is:

- Necessary because of improper execution of the work or some other default on the part of the contractor.
- Necessary because of weather conditions.
- Necessary for safety reasons.

Provided that the Contractor shall not be entitled to recover any such extra cost unless he gives notice in writing of his intention to claim to the Director Environmental and Solid Waste Management within 14 (fourteen) days of the Director Environmental and Solid Waste Management's order. The Relevant Authorised Person shall determine the extra payment to be made to the Contractor in respect of that claim, as he may consider fair and reasonable.

If the operation is suspended on the written order of the Director Environmental and Solid Waste Management for more than 28 (twenty eight) days, the Contractor may within 14 (fourteen) days from the receipt thereof, serve a written notice to the Director Environmental and Solid Waste Management requesting permission to proceed with the operation.

Error! Reference source not found.					
------------------------------------	--	--	--	--	--

**b.Other Sources**

Should it be to the Steve Tshwete Local Municipality’s benefit, they may dispose of waste at the Facility that originates from sources other than those indicated. In such an event the Steve Tshwete Local Municipality reserves the right to restrict the quantity of waste received from other sources. For the duration of the Contract and any extensions thereto, it will be the Contractor’s responsibility to make all known and any interests he, and/or of the personnel, may have in any company or commercial waste enterprise which may result in waste being disposed of at the Facility. In addition, should this position change, the Contractor will be obliged to inform the Steve Tshwete Local Municipality thereof within seven days(7) days of any such change.

Any obvious abuse of this entitlement will result in immediate cancellation thereof.

No hazardous waste may be disposed off on site.

**c.Waste Quantities**

The current estimated quantity of waste to pass through the transfer stations varies from month to month. An employer shall not be bound to specific quantities. Because of unpredictable growth in population in the areas as well as the locality of the waste generation source, the actual quantities may vary considerably from the estimated quantities. Furthermore, the STLM reserves the right to vary its waste disposal strategy, which will affect the waste quantities, involved.

**d.Waste Types**

The Contractor will be required to handle all non-hazardous waste. Hazardous wastes will **NOT** be accepted on the site and the generator will be advised of the correct disposal sites available within and outside the Municipal boundaries. **DOMESTIC WASTE and GARDEN WASTE** will be handled at the facilities:

Hazardous Wastes, liquids and sludge, whether in sealed drums or not, will **NOT** be allowed to be disposed at the Facility.

The Contractor will be required to record all relevant details of any person, vehicle or operator who attempt to bring any such unacceptable waste onto the Facility and shall advise such a person or operator of the locality of the nearest Facility where such waste can be safely handled, and the Director Environmental and Solid Waste Management from Steve Tshwete should be informed accordingly.

**d.Charges for Disposal**

The Contractor shall not cash-charge any of the users for disposing Waste at the Facility. Users will be allowed to dispose of waste free of charge.

The charge, if any, for using the Facility will be based on the volume (cubic meter capacity of the vehicle or container, with adjustments for the compactor vehicles and compacted containers or actual tonnage). The invoicing for the above mentioned amount will be undertaken by the Steve Tshwete Local Municipality, who reserves the right to vary the rate of disposal from time to time as it considers necessary. All the money obtained from invoicing will belong to the Steve Tshwete Local Municipality.

**e.Operating hours**

The Contractor will be responsible for operating the works every day, including Saturdays, Sundays, and Public Holidays. The only day upon which the Works may be suspended is Christmas day, unless stated otherwise by the Director Environmental and Solid Waste Management.

Should it be established that the above is unsuitable, with the approval of the Director Environmental and Solid Waste Management; the working hours may be altered accordingly and recorded on the notice board.

weight, registration number and waste type. The driver will be directed to the bin controller to be shown as where to dispose of his waste. On arrival at the designated area the bin controller will direct the vehicles to the correct container and inspect the waste during offloading to ensure consistency of the waste stream and also check for hazardous wastes.

When off loading is completed, the driver will proceed to the exit where the security guard will check that the vehicle is empty before the vehicle is allowed to exit.

All visitors will be expected to fill in a visitors log book.

**i. Preference of Users**

The Contractor must at all times show equal respect and consideration to all Facility users and under no circumstances may he treat any user preferentially. This clause has particular reference to the use of the Facility by vehicles belonging to a company or enterprise in which the Contractor may have direct or indirect interest. The public must always be treated friendly to promote the council's image.

**j. Meetings and Facility Inspections**

During the execution of the contract, the Contractor, other Operators, the Employer and the Director Environmental and Solid Waste Management shall initially meet at monthly intervals or at other intervals as required by the Director Environmental and Solid Waste Management. In addition meetings with the Managing and Monitoring Committee will be held at quarterly intervals. The Director Environmental and Solid Waste Management shall make arrangements for the meetings.

The Contractor shall ensure that a member of his staff, who is sufficiently senior to be able to make operating decisions and commitments, as well as being familiar with the operation of the disposal site, is always in attendance at these meetings. The meeting will be held to discuss all and any matters relating to the operation of the site, and to update and review the overall plan of operation. Decisions made, minuted and agreed at these meetings will be binding on the parties.

Auditors appointed by the employer will undertake periodic (initially) yearly site inspection or audits. During this exercise, a specially designed profoma will be filled out, which will numerically assess important aspects of the operation. This, together with appropriate recommendations will be submitted to both the employer and the Contractor. These inspections may or may not be conducted in conjunction with the Contractor or the monthly meetings. At the discretion of the Director Environmental and Solid Waste Management, such periodic site inspections can later be undertaken quarterly.

**k. Operation of the Facilities**

The operation of the Facility by the contractor will involve the following but not limited to the following:

- Gate and Access Control.
- Maintenance of access roads within the sites.
- Usage/ removing of stuck waste from the skip bins.
- Grass cutting/ tree maintaining.

The principle regarding the above are discussed below, with the view to provide the Service Provider with a clear concept of what is expected of him with guidelines for drafting his proposed Action Plan. Where applicable, the Contractor will be expected to operate the site according to the stipulations in the Management Plan. In addition to the major functions dealt with below, numerous other aspects are included for information:

**I. Access Roads**

Contractor shall construct temporary roads for the operation and maintain future permanent gravel access roads to the depositing area as and when necessary during the contract period. The gravel access road to
